1-WATT 12 VOLT LED BULLET SPOTLIGHT

new architectural bronze finish

Aquascape's Bullet Spotlight's compact size and powerful output makes it an extremely versatile fixture. The Bullet Spotlight is ideal for highlighting focal points and can be used in and out of the water.

- Includes two different mounting platforms, adjustable stand, and stake
- Compact design also allows the fixture to be tucked between the rock walls allowing the light to virtually disappear in the water feature. The Bullet Spotlight is also great for AquaBasin® decorative features
- Comes standard with a single high output warm white LED bulb
- Replaceable diodes are available in white, red, blue, green, yellow
- 15' cord with quick connect plug is included

1-Watt 12 Volt LED Bullet Spotlight

*Transformer sold separately

1.25" diameter x 2.75" L

Unit Weight: .9 lbs.

#98926

3-WATT 12 VOLT LED BULLET SPOTLIGHT

new architectural bronze finish

Aquascape's newest Bullet Spotlight has the same stylish look as our 1-Watt LED Bullet Spotlight unit only with three times the light. The new Bullet Spotlight is ideal for larger plants, trees or waterfalls. Can be used fully submersed or outside of the water.

- Equally bright output as standard 20-watt halogen bulbs, but at only 3 watts!
- Includes two different mounting platforms, adjustable stand, and stake
- Comes standard with three high output warm white LED bulbs
- Replaceable diode is available in white
- 15' cord with quick connect plug is included

3-Watt 12 Volt LED Bullet Spotlight

*Transformer sold separately

2.5" diameter x 3.5" L

Unit Weight: 1 lb.

1-WATT 12 VOLT LED WATERFALL LIGHT

new architectural bronze finish

LED Waterfall Lights are ideal for use in waterfalls or up-lighting pond plants. This compact light can be placed anywhere an accent light is needed. Although fully submersible, the light can be used in and out of water. You will be amazed at how versatile this light can be!

- Can be tucked beneath the cascades of a waterfall or at the base of any AquaBasin® decorative feature
- Removable mounting base can be wedged beneath large rocks or covered by gravel, ensuring the fixture maintains proper position beneath cascades
- Comes standard with a single warm, high output white LED bulb
- Replaceable diodes are available in white, red, blue, green, yellow
- 15' cord with quick connect plug is included

1-Watt 12 Volt LED Waterfall Light

*Transformer sold separately

2" diameter x 1" H

Unit Weight: 1.1 lbs.

#98928

Note: The Aquascape quick-connect plugs can easily be removed and hard-wired into existing traditional 12-Volt transformers.

Add a new dimension to your pond by bringing it to life at night. With today's busy lifestyle, it is often difficult to enjoy your pond or landscape during the day. With Aquascape's complete line of pond and landscape lighting, enjoying your garden is easy - day or night.

MANUAL 12 VOLT TRANSFORMERS

Simple plug-in transformers provide an economical solution for operating low voltage lighting fixtures. Transformer includes a single quick-connect cable port for adding a light. Multiple light fixtures can be added by using the 3-Way Splitter.

6-Watt 12 Volt Transformer

Unit Weight: .5 lbs.

Unit Weight: 1.9 lbs.

#02407

All of Aquascape's transformers are designed to be used with LED and halogen fixtures. Calculate the total wattage of the fixtures on the project and select the appropriate watt transformer.

RING LIGHT WITH TRANSFORMER

fits into top of decorative fountains

Add a new dimension to your decorative fountain with the Aquascape LED Core Ring Light. This compact, round-shaped fitting retrofits into most Aquascape fountains. The unit allows water to pass through the center of the light making for a stunning display.

- Incorporates easily into decorative fountains
- Energy efficient
- LED lights last 2-3 times longer than traditional incandescent bulbs
- Includes power transformer
- Can be used in or out of water

***Does not work with 12-Volt Transformers**
